14 *What were the instructor's strengths?*

A: N/A

A: Instructor is very passionate and knowledgeable with the subject. He seems to provide all the necessary tools for his students to succeed, which are very helpful since this tends to be a difficult subject to teach

A: Dr. Cooksy is the best professor I have had. He really cares about his students and provides a lot of extra time for us to learn.

A: Professor Cooksy is always available to help his students and he is a great teacher.

A: Responsive and kind

A: Very responsive and easy to communicate with when having trouble in the class, is very knowledgeable on the topic to an extent of being able to clarify any questions needed

A: Amazing lectures with great patience for students. Takes time to explain things very well and is super available for us students that need the extra help

A: The instructor really understands what he teaches.

15 *In what ways might the instructor improve this course?*

A: Some concepts should be explained a little more in detail

A: Maybe make the exams 30 minutes instead of 20, I always ran out of time.

A: N/A

A: The homework problems could reflect the exam a little more.

A: more time for exams! even just 10 minutes more

A: The course itself is difficult no way around it, Dr. Cooksy does an amazing job in making our lives a little easier by teaching it the way he does. Never change Dr. Cooksy!!

A: instructor could improve the course by providing a more specific reading prior to class to better prepare the students on the subjects covered.

A: I do not believe exams properly test whether we know the content. 20 minutes for an exam does not give enough time to let the question process and is only fair for students who are fast test takers.
